

# On-Demand Scrum Master Preparation Exams

For many, the Certified ScrumMaster® or Professional Scrum Master™ Level I exam are the most nerve-wracking aspects of gaining a Scrum Master certification. Our [On-demand Scrum Master Preparation Exams](#) aim to prepare you for this final hurdle in the quest to becoming a [Certified ScrumMaster®](#) with Scrum Alliance, or [Professional Scrum Master™ Level I](#) with Scrum.org.

Created by a highly respected [Certified Scrum Trainer®](#) with years of experience in the industry, the course has been designed to demonstrate what to expect from the Scrum Master exams, from explanations, through to the vast range of topics covered in the 230 questions that make up our mock exams, inspired by questions from the real Certified ScrumMaster® and Professional Scrum Master™ Level I exams.

## What participants will learn

- The requirements of the Certified ScrumMaster® certification.
- The requirements of the Professional Scrum Master™ Level I certification.
- The structure, types of questions and passing requirements of the Certified ScrumMaster® exam.
- The structure, types of questions and passing requirements of the Professional Scrum Master™ Level I exam.
- Participants can choose between 4 sets of questions, or a randomised bank of over 230 questions, all inspired by real exam questions.

## What participants will get

- A self-paced learning experience taught by a highly respected Certified Scrum Trainer®
- 4 set mock exams, each made up of 50 questions
- A randomised mock exam with over 230 possible questions
- On-demand videos
- Recommended further reading.
- Continuous access to the digital course on our secure learning platform.
- 2 Scrum Education Units (SEUs).

### Who should enrol

Aspiring Scrum Masters who are preparing to take their Certified ScrumMaster® exam with Scrum Alliance, Professional Scrum Master™ Level I exam with Scrum.org, or looking to test their Scrum knowledge.

### Prerequisites

- We provide everything needed within the online course.
- Please note, delegates need to have attended a Certified Scrum Master® course in full in order to be registered for the associated exam with Scrum Alliance.
- If delegates feel they have enough high-level Scrum knowledge, attending a course is not essential in order to take the Professional Scrum Master™ Level I exam with Scrum.org, however courses are available from a range of providers.
