

Advanced Certified ScrumMaster®

If you're a Scrum Master with a year or more's experience, the [Advanced Certified Scrum Master](#) course is the bridge that helps you move from practitioner to Scrum specialist and coach.

With the Certified ScrumMaster® course, you were introduced to Scrum values, practices and applications and gained a level of knowledge and expertise beyond the typical project manager's.

The Advanced Certified ScrumMaster programme further deepens and enhances your knowledge and skills through interactive workshops and focussed coaching.

What participants will learn

- How to facilitate dialogue among the Product Owner, team members, customers, stakeholders, and executives
- How to respond confidently when encountering resistance to change, lack of engagement, low motivation, and unavailability of key people
- How to help your company adopt Scrum and support executives committed to agile values
- How to remove impediments that prevent long-term, deep adoption of Scrum and agile practices by all parts of the business
- How to explain the value of Scrum and agile processes to sceptics
- How to increase developer engagement to encourage greater accountability, commitment, and buy-in
- How to leverage your learning to gain recognition and status as the local agile expert in your company

What participants will get

- An immersive learning experience facilitated by a highly respected [Path to CSP Educator](#)
- Access to supporting course material
- Registration for the [Advanced Certified ScrumMaster \(A-CSM\)](#) certification
- 12 months free access to our [On-Demand Introduction to Coaching](#) course

This course requires minimum attendance of 16 hours. Please note that full attendance is mandatory in order to be registered for the associated certification.

Who should attend

- Practicing Scrum Masters

Prerequisites

- One year of learning and professional practice as a Scrum Master
- Must hold Certified ScrumMaster® certification from Scrum Alliance
